FIREWARE
CREATING REALISTIC TRAINING ENVIRONMENTS

Article number 008-012-015
Category Smoke

- Wireless remote control for smoke machines.
- Suitable for the FireWare Cirrus, Cumulus and Stratus
- Practicing becomes more interactive with the help of remote control.
- Exists of a transmitter and a receiver.
- The transmitter has programmable dials for the use of several machines at the same time.

Product details

With the Wireless Remote you can operate smoke machines from a distance. As a result you can exactly dose the quantity of smoke and immediately react to the exercise situation. This way the actions of the student result in more or less smoke. The exercise leader can easily coordinate this.

The remote control exists of 2 parts. You place the receiver on the machine; as a result you can operate it with the transmitter. The smoke output is pre-set on the machine. Under ideal circumstances the range is 100 meter, even through a concrete wall. But iron obstacles and interfering radio frequencies can disrupt the range.

The transmitter has programmable dials. As a result you can operate more smoke machines with one transmitter.
