- Fabricated from hardwearing P200 material; flame retardant and antibacterial.
- The manikin has a weight of 25 kg and a length of 180 cm.
- Supplied with washable pyjamas and soft boots.

Product details

Teach students how to act during an emergency evacuation

The Emergency Evacuation Manikin is specially designed to practice evacuation skills in care and medical institutions. With the help of this manikin, different evacuation skills can be practiced. The Emergency Evacuation Manikin is a variation of the Patient Handling Manikin.

Prepare students for a real emergency evacuation

An emergency evacuation can happen at any moment. Therefore, good preparation in different emergency scenarios is essential for healthcare providers. The Emergency Evacuation Manikin is a lightweight 25-kilogram manikin. The weight should be sufficient enough for a challenging training. How do you get someone who is mobility impaired or invalid down the stairs or outside quickly and safely? Use this Emergency Evacuation Manikin to let students practice with different evacuation techniques and procedures.

Specially designed for the healthcare sector

The manikin is fabricated from a hardwearing P200 material, which is both flame retardant and antibacterial. Ideal for care and medical environments. The manikin is supplied with washable pyjamas and soft boots. Both garments are easily replaced if damaged. The body joints of the manikin are made from soft material which reduces the risk of injuries. The Manikin is provided with a strong webbing loop at the back

that allows easy handling and storage.

Would you like to stage an emergency exercise with real fire? Please keep in mind that the manikin is not suited for temperatures above 100°C. However, the Fire House Manikin is suitable for scenarios with higher temperatures.

Add extra realism

An immobilisation collar can be fitted around the neck of your manikin to trigger the healthcare professional to apply proper measures. Would you like to add extra realism to your training? Dress up your manikin with a face mask.
