

- To demonstrate repressive ventilation.
- Suitable to exercise over pressure.
- Exists out of a basement, ground floor, first floor and attic.
- Possible to vary the number of floors.
- Rooms can be filled with smoke independently.
- Fitted with sliding windows and doors for variable flow.
- Including smoke generator, smoke liquid and 2 ventilators.
- Standard in a solid flight case for transportation and storage.
- Including 3 small and 3 large seats of fire.
- All slides are marked, so they can be named separately.

Product details

Demonstrate and practise with repressive ventilation

With the Mini Positive Pressure Ventilation Trainer you can demonstrate and experiment with the method of operation concerning repressive ventilation. The transparent house has a basement, ground floor, first floor and attic. One part operates as the staircase. You can unlink and remove floors to make the building smaller. As a result the trainer is also easy to clean.

The over pressure trainer contains a smoke channel. From the outside slides can be opened allowing smoke to flow in to the desired rooms. All rooms can be filled with smoke independently. The windows, doors and dormer windows can open. In order to simulate discharges the floors have been fitted with slides. The various repressive techniques are exercised and studied with the 2 ventilators.

The Mini PPV Trainer comes standard with a flight case that can be used as a base when used. This creates a comfortable working platform and allows walking around the trainer. The set contains all floors, 1 smoke generator, 5 litre of smoke liquid and 2 ventilators.

Technical information

Brand:	FireWare
Voltage:	230 volts
Power consumption (Watt):	800
Product weight (kg):	
Product dimensions in cm (LxBxH):	59,0 x 54,0 x 172,0
Weight kit (kg):	57,7
Dimensions of the set in cm (LxWxH):	40,0 x 32,5 x 60,0
Including box:	Yes, flight case on wheels
Material:	Plexiglass and wood
Type of liquid tank:	Built-in
Tank capacity (ml):	800
Heat-up time:	2 minutes
Guarantee:	2 years on product and manufacturing defects

Item consists of

025-012-006	Mini PPV-trainer	009-030-001	FireWare Smoke Fluid Fire Drill 5 L
013-015-027	Flightcase for Mini PPV-trainer		
001-012-001	FireWare Nimbo Smokemachine		
008-012-013	Wireless Remote for FireWare Nimbo		
061-055-018	Fan for Mini-PPV trainer
