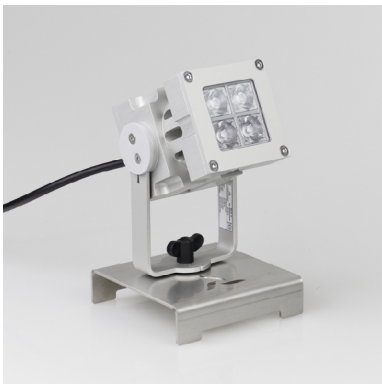
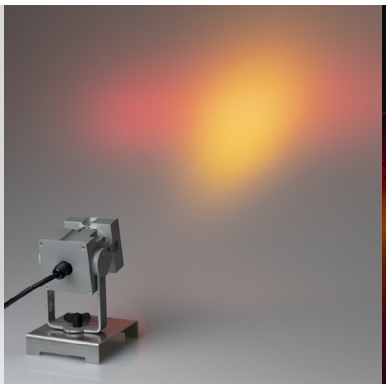
CREATING REALISTIC TRAINING ENVIRONMENTS

Article number 027-090-013
Category Fire Simulation

- Provide more stability when using the FireSpot
- Easily adjust the right angle of the firelight
- Made from stainless steel





Product details

Provide more stability when using the FireSpot

Attach the FireWare FireSpot to a floor stand and provide maximum support. Normally you place the FireSpot directly on a surface in the rehearsal room. By using the floor stand you provide more stability. In addition, you can easily adjust the right angle of the fire spot and colour smoke even more easily. Horizontal and vertical flame effects are childs play! The floor stand is made of stainless steel.
