

- Can be positioned on top of the Vesta.
- Represents a challenging electric fire
- Top quality stainless steel
- Including a plastic box measuring 60*40*44 cm

Product details

Safely simulate a fire in an electric motor for exercises.

The add-on Electric Motor is an accessory for the FireWare Vesta. This electric motor can easily be positioned on top of the extinguishing trainer and offers challenging extinguishing training! The clever design allows for this attachment to be easily packaged and moved in the plastic box supplied. The box has very handy transport measurements of 60*40*44 cm. Produced using top quality stainless steel.
